NovaSYSTEM

Nova system est un mécanisme haut de gamme permettant de transformer votre canapé en un lit confortable en un tour de main et c'est sans porter préjudice au confort d'assise de ce dernier. Après l'ouverture Nova system révèle un vrai lit doté d'un matelas de 14 cm d'épaisseur disponible en 3 versions (Classic, Memory et Latex) et 3 largeurs (123 cm, 143 cm et 163 cm) pour mieux s'adapter à vos besoins. Chaque matelas est totalement déhoussable et permet ainsi de nettoyer la housse de ce dernier en machine à 40°C. Nova system garantit une qualité de sommeil inégalée tout en n'affectant pas le confort de votre canapé.

- Nova System are sophisticated mechanisms allowing you to convert easily your sofa into a very comfortable bed without fall in your sofa comfort. After opening Nova System reveal a comfortable bed with a 14cm height mattress available in 3 versions (Classic, Memory and Latex) and 3 widths (123cm, 143cm and 163cm) to fit better your needs. Each mattress has a removable cover that is machine washable up to 40°C. Nova System guarantees an unsurpassed of your sleep quality without diminishing sitting comfort of your sofa.

Classic

Le matelas Classic se caractérise par un confort de haut niveau grâce à une répartition adéquate du poids de votre corps sans points de pressions singuliers. Sa construction et les matériaux utilisés, lui garantissent une longévité importante dans le temps tout en prévenant les déformations de ce dernier. Le matelas est déhoussable facilement, et sa housse lavable en machine.

- Classic mattress is characterized by a high level comfort thanks to an ideal weight repartition without single pressure points. Its construction and used material guarantee a long lifetime avoiding deformations. Mattress is available with a removable cover.

Memory

Le matelas Memory se caractérise par un confort inégalé dans sa catégorie et ce grâce à l'adoption de deux types de mousse. Une base en mousse de haute résilience assure le soutien alors qu'une couche supérieure en mousse à mémoire de forme s'adapte à votre corps vous garantissant un confort inégalé, doublé d'une répartition adéquate du poids de votre corps sans points de pressions singuliers. Matelas en mousse de haute résilience (35 kg/m³ et mousse à mémoire de forme 50 kg/m³), déhoussable facilement, housse lavable en machine.

- Memory mattress stands out at its uncommon comfort in its category thanks to the use of two kinds of foam. A base of high resilience foam supports the body whereas the upper layer of memory foam adjusts itself to the body shape guaranteeing comfort and an ideal body weight repartition without single pressure points. Mattress of high resilience foam (HR 35 kg/m³ and Memory foam V50 kg/m³), removable cover, machine washable cover.

Pro-Gel

Le matelas Latex garantit grâce aux propriétés élastiques du latex un confort incomparable et une durabilité importante (matelas garanti 5 ans). Le poids du corps y est idéalement réparti entre différentes zones de confort. Les propriétés du latex en font un matelas particulièrement recommandé pour les personnes sujettes aux problèmes de dos. Matelas en mousse latex de haute résilience (HR 55 kg/m³), déhoussable facilement, housse lavable en machine.

- Latex mattress is characterized by a high end comfort and a long lifetime (mattress warranty for 5 years) thanks to Latex material properties. Body weight repartition is ideal with different comfort areas. Natural Latex antifungal and antiallergenic properties made that these mattresses are particularly designed for people suffering from allergy. Mattress of high resilience latex foam (HR 55 kg/m³), removable cover, machine washable cover.
